Dear Parents,

State competition is QUICKLY approaching. In order to have all projects completed, we are having work days, both after school and Saturday mornings. The schedule is attached. We will be working on specific projects on specific dates, but your child is encouraged to come each time and work independently or with on their own projects. Our goal is to have all projects 100% complete prior to boarding the bus for Amelia Island. We are requesting that your child notify us in advance which session(s) they will be attending so we can best serve all of our members.

Below you will find a table with the required forms/items needed to attend the trip. If we haven't received the form from your child, we will attach it to this letter. All forms MUST be returned by Tuesday, February 14, 2012.

One Time Field Trip Permission
Out of County Field Trip Permission
Private Vehicle Permission Slip
Contact Information
Registration Deposit
Room Fee
Parent attending conference form

At this time we do not have a specific departure time. We anticipate that it will be sometime in the morning on Feb. 22nd. We have been informed the bus will be picking us up here at school. Please have your child at school with their luggage by 7:30 a.m.

Sincerely,
Tracy Brown & Jodi Johnson
